Nurturing Early Years Preschool and Nursery Program

Art+ Program- Ages 2 - 4 Years Old

Art+ is a play- and art-based learning space. We pride ourselves on a small ratio of students to teachers who facilitate learning in a fun, loving, and gentle environment. The key to discovering hidden talents in children is to allow them to teach us how they are learning by exploring within age-appropriate boundaries. Children will experience play and create with limitless imagination.

Mornings

In the mornings, children have the opportunity to explore the outdoor learning space before moving indoors to engage with a variety of learning and sensory stations within the classroom. Here, they are encouraged to develop independence as thinkers and learners, finding joy in art-based activities that integrate fundamental learning principles. Children are invited to experience fulfillment through open-ended activities, discovering the limitless possibilities of learning.
